DETAILED ACTION

Claims 1-8 and 13-22 are pending in this application.

Action Summary

1. The rejection of claims 13, 14 and 16-18 under 35 U.S.C. 103(a) over Caplan in view of Fischer et al. is being maintained for the reasons stated in the previous office.

Allowable Subject Matter

2. Claim 15 remains objected. As explained in the previous office action.

Response to Arguments

3. Applicant's arguments filed January 26, 2005 have been fully considered but they are not persuasive.

Applicant argues that the prior art reference of Caplan does not qualify as prior art because the instant application has priority back to March 23, 2000. Examiner disagrees, according the Bib Data sheet, the Palm System and the priority information in the specification the instant application claims priority as far back to application 60/218,220 filed on July 14, 2000. The prior art reference of Caplan claims priority back to April 6, 2000.

Conclusion

4. Claims 13, 14 and 16-18 remain rejected.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
